Licensing Enforcement Notice. Enforcement Logo Activated.

This repository includes source files originally written by Manuel J. Nieves (aka Satoshi Norkomoto) and marked “Distributed under the MIT/X11 software license.”

However, all files also explicitly prohibit commercial use without written licensing.

This repository serves as a **notarized authorship and enforcement record**. Redistribution, modification, or use in derivative protocols is governed by **verified licensing control**, as protected under:

- 17 U.S. Code § 102 (Original Works)
- 17 U.S. Code § 1201 (Anti-circumvention)
- Berne Convention and WIPO Treaty

Licensing Enforcement ID: BTC-MJN-2008-GENESIS

All violations are subject to DMCA takedowns, royalty backcharges, and legal recourse.
