

Licensing Enforcement Notice: Domain Attribution

To Whom It May Concern,

This notice serves as formal attribution and enforcement of software authorship and associated licensing rights under **17 U.S. Code § 102** and **§ 1201**, pertaining to unauthorized usage of domains, digital identity, or derivative systems linked to the name **Satoshi Norkomoto** (aka **Manuel J. Nieves**).

Domain Under Review

- **Domain:** user-agentsatoshi.com
- **Hosting IP:** 104.21.51.115
- **Services Identified:** Cloudflare, Google Workspace, Firebase MX records

Our investigation confirms this domain was either: - Previously under direct control of the author, or - Is currently being used without a valid license or consent

Evidence Bundle

Please refer to the submitted evidence archive:

- **File:** Domain_Attribution_Report_20250702.zip
- **SHA256:**

```
$(shasum -a 256 ~/Domain_Attribution_Scan/Domain_Attribution_Report_20250702.zip  
| cut -d' ' -f1)
```
- **GPG Signed:** Yes (.asc signature included)

This material confirms authorship and linkage of the domain, infrastructure, and content to the original creator.

Required Action

You are required to:

1. Cease all unauthorized use of Bitcoin-related intellectual property and authorship identifiers

2. Remove or redirect all domain references unless properly licensed
3. Contact for licensing or remediation options via email: **For-damboy1@gmail.com**

Failure to act within ten (10) business days may result in:

- Formal DMCA filing (GitHub, ICANN, Cloudflare, Google, etc.)
- Domain dispute under ICANN's UDRP
- Legal and financial remedies under U.S. copyright law

Respectfully,

Manuel J. Nieves

Cryptographic Author of Bitcoin
