■ Re-License Protocol Use (2025+) — Bitcoin IP Rights Enforcement

Author: Manuel J. Nieves (aka Satoshi Norkomoto)

GPG Fingerprint: B4EC 7343 AB0D BF24

Jurisdiction: Global (U.S. 17 §■102, §■1201)

This document certifies that all foundational source files, algorithms, and cryptographic protocol logic authored during 2008–2009 by Manuel J. Nieves have been re-licensed as of July 3, 2025, under explicit IP protections and enforcement. All public/private reuse from 2025 onward must adhere to licensing terms or be subject to legal and financial enforcement.
